

Dear brothers and sisters in Christ,

The Prince of Peace council met last night and voted to continue the suspension of in-person activities, except for the AA group, at the church, **until at least March 31st**. In the meantime, we will offer online Sunday and midweek worship services, beginning this evening. We will livestream our Midweek Lent service at 7 PM tonight through Facebook live.

I, along with the POP council, will continue monitoring recommendations from the CDC and WA State Dept. of Health and give updates regarding when in person gatherings can resume.

The church office will remain open during these next weeks with regular hours, M-F, 9 AM to 3 PM. If changes occur, we will notify you.

You are in my prayers! Even though we cannot meet together in person at this time, we continue to live as the body of Christ, connected by God's Holy Spirit, to love God and love our neighbors.

Please contact myself, any of our council members or the church office with questions or needs during this time.

Also, I ask that you please continue your weekly and monthly giving to the church. You can do this online on our website <http://popspokane.org/resources/donate> or through the mail or by dropping it off at the church office. During these trying times, it is important that we continue to be church together and meet the needs of our church body and our neighbors. Thank you for your continued support.

We are working to implement creative ways to stay connected. If you have ideas, suggestions, or are willing to help in the coordination efforts, please let us know.

The peace and strength of Christ be with you during this time,

Pastor Joel
